

Praying Through the Days Ahead!

As Christians, there are quite a few areas that desperately need our prayers in the days ahead. Below we have listed a number of areas where we feel the need to focus our prayers.

- The Presidential election results:
 - We need to pray that our presidential election results be decided in a fair, just, and timely matter
 - If there has been any fraud, pray for it to be exposed
 - If there is to be a transition, that it will go smoothly
- Whichever presidential team is eventually sworn into office, pray for God to give them divine wisdom to address the matters at hand
 - Pray for there to be a shift from partisan to non partisan politics
 - Pray for cooperation between governors and the White House
- Pray for the Coronavirus pandemic sweeping our nation
 - Pray for those who are hospitalized and in critical condition
 - Pray for the doctors and nurses who are being stretched to the limits and are exhausted and discouraged
 - Pray for the researchers and scientists who are working on a vaccine for the virus
 - Pray for them as well to find some kind of drug or medication that would bring temporary relief, and reduce the severity of the symptoms
- Pray for all those in places of authority who need to make decisions on how to best deal with the pandemic:
 - Pray for our federal leaders
 - Pray for our governors and our mayors
 - Pray for school officials, teachers, students, and parents
 - Pray for all sports activities in schools
 - Pray for business owners
 - Pray for church leaders
- Pray for all those affected by the virus:
 - Parents knowing what to do with at home children
 - Workers who have lost their jobs
 - Business owners forced to close
